**LAPFCU**

The Los Angeles Police Revolver and Athletic Club is a private club established more than 80 years ago by Los Angeles Police Officers as a training facility. LAPRAAC, located at the Los Angeles Police Elysian Park Academy, is full of Los Angeles Police Department history and is the social outlet and fitness arm of the LAPD. LAPRAAC is governed by a Board of Directors comprised of sworn police officers elected by the membership.

### LAPRAAC BOARD OF DIRECTORS

Rick Santos, President.....714.313.0048  
 Raymond Maltez, Vice President ..... 213.9245824  
 Kathy Meek, Treasurer .....213.804.9369

## MESSAGE FROM THE PRESIDENT

By Rick Santos

On March 29 LAPRAAC hosted, "Dodger Opening Day Picnic." LAPRAAC would like to give a big "thank you" to our sponsors, Strausner and Sherman and the Protective League. The event was well attended and everyone appeared to be having a great time.

By the time you read this article two of our biggest events will have concluded, the Spring Bench Press Competition and The Memorial Run. LAPRAAC appreciates all those who participated in both events. These types of events are what LAPRAAC is about.

It is that time of the year again, election time. Ballots should be out by the time you read this. Take a moment and fill out your ballot. This is your club, have a say in the direction it is going. Vote for the candidates you believe will make a difference.

As President I would like to thank the entire board for yet another successful year. This year's board, Ray Maltez (Vice President), Kathy Meek (Treasurer), Ruben Gonzalez (Secretary), Steve Estrada, Jeff Bert, Ruben Holguin, Martee Miyakawa, Ivan Ramos, Vic Su'apa'ia and Chris Yamate

have shown great dedication to the club.

They have all worked hard to make your club better and for that I thank them.

Also this year we say good bye to a long time board member, Steve Estrada. Steve has served our membership for 23 year's as a board member. Steve has been both a board member and an athlete. Steve has been part of Pistol Team 1 as well as the LAPRAAC Golf Club. On behalf of the board and our membership we thank you for your service.

Well this year's Baker to Vegas is now over. All and all this year's race was a great success. For the first time we had live streaming of the hand off at leg 20 as well as the finish line on YouTube.

The old joke goes, "I'm on a see-food diet; I eat what I see!" It's funny because it's true, but the joke is on us: we really do eat what we see, and what we see is not very healthy!

## WELLNESS CORNER - *The Lazy Way to a Healthy Diet*

By Rana Parker, MPH, RDN

Stop and think about the foods you see every day: You wake up in the morning... do you see food on the counter? What do you see in your fridge or freezer? On your way to work....do you see fast food restaurants, food ads on billboards, buses and benches? When you get to work...do you see pastries in a meeting or WC's office, and a full display of candies, chips, sodas and energy drinks? When you stop at a store on the way home, do you see food and drinks at the checkout line...even if it's not a "food store"...like the hardware store or clothing store?

Seeing all this food-every day, all day-it's no wonder we don't eat right! But can't we just say "NO" to these foods? Maybe, but studies show over and over again that people are strongly influenced by what's around them. Like the study that showed office workers ate al-

most six more chocolate candy per day when the candy jar was both visible and convenient (you can check out this study and more on the Web site: [foodpsychology.cornell.edu](http://foodpsychology.cornell.edu))

So why not make it easier to eat healthy by changing what you see? You may not be able to change everything, throwing out all the junk food and drinks (you might have a family feud or angry co-workers). But think about what you CAN change in your daily environment so that eating healthy becomes the easy, lazy choice...not the hard choice.

Here are a few ideas:

1. Take the fruits and veggies out of the produce drawer and put them in the front of the fridge...it doesn't matter that they last longer in the drawer if you never eat them!
2. Put all the food away, and

off the counters...unless it's something you want to eat more of.

3. Keep a water dispenser in your sight at work and at home.
4. If there's food in your desk or car, change out for trail mix, nuts/seeds, healthier food bars.
5. Choose a candy jar that you can't see through, and put it out of arms' reach.

Take control of what you see every day, and you can make strides toward healthy eating. Because if see you food less often, or junk food less often, you'll start eating better too. And the best part is-you won't even have to try!

Ms. Parker is available for nutrition consultation for all LAPD employees and their spouse/significant other. 213-486-0790 or [N4246@lapd.online](mailto:N4246@lapd.online)

## MESSAGE FROM THE GENERAL MANAGER

By Ruben Crane

### *Shooting Activities –*

Are you a shooter or just want to shoot in a friendly environment? If so, we have 3 great events coming to you soon. We start on August 4th with our 2nd annual Equipment Expo. This event really blew the socks off of the attendees. Not only were there numerous vendors to check out, you also had the opportunity to shoot firearms from multiple gun manufacturers as well. Glock, Smith & Wesson, CZ, Springfield and many more brought multiple firearms to

be tested; we even had some full auto. The manufacturer's representatives were also in attendance to answer any questions and to help talk about the firearms. Our second shooting event is Top Gun. After nearly a decade, this shooting competition has been known as one of the most fun as we break our shooting into two classes. One class is for the Elite shooters while the other is for the everyday Police Officer. Prizes have always been plentiful and most if not all in attendance receive something. Our third shooting event is new. This year on October 20th we will hold a Striker Fire competition. This has a little twist to it as you can be a winner without being the top shooter. Sure we have an overall winner, but you could still be the best for a particular firearm? Each shooter will shoot their choice of striker fire firearm. So come out and enjoy yourself at one, two or all three events.

### *Board of Director Elections –*

About the time you receive this you will also be receiving your election ballots for the 2018 LAPRAAC Board of Director elections. We encourage all to participate in this very important process. This year there are 3 positions available. Ballots will be mailed about May 18, 2018 with all ballots needing to be returned and postmarked by June 14, 2018. If you do not receive your ballot at least 1 week prior to the cutoff date, please contact LAPRAAC's Executive Assistant to the General Manager, Barbara Ginn at 323-221-5222 x202.

### *Catering at the Academy –*

Want to book an event in the lounge or need catering? Please contact our Food and Beverage Team to lock in your date. Space is always being booked so don't hesitate and lose your date. Contact Maida Kirokian at 323-221-5222 x226. She can

handle all your needs from A to Z and provide you with a top notch event.

### *Pool –*

As the days get longer and warmer the use of the pool increases. Reservation of the pool is not allowed, only reservation of the BBQ grills. Please remember that if you want to use one of the BBQ grills you need to reserve it with Barbara Ginn at 323-221-5222 x202. Each grill can accommodate 10 people max and we allow you to reserve up to two grills. No outside catering or glass is allowed in the pool area. Lastly, we ask that you do not prop the gates open. Not only does it damage the springs that shut the gates, it is also a safety issue as anyone, including kids, can walk in or out of the pool area.

## 2018 BAKER TO VEGAS - MIRACLES CAN HAPPEN-

### By Chuck Foote

a two-lane road that lead to Las Vegas. So from the very beginning we knew we had to prepare for every possible thing that could go wrong.

Medical was priority one along with creating a 911 radio system to get help to runners as quick as possible. We have moved light years since those days in the early 80's & 90's. Some things though have never changed; such as the physical condition of the runners who participated; this remains the largest unknown. I will run out of time before I can convince police agency's to make an annual physical mandatory. We have been lucky for these many years, and this year was no different. This brings me to the "miracle"...

At Stage # 6 a runner was getting close to finishing his leg,

I'm sure he put in that last burst of gusto so his team would get a faster time. Eyewitnesses tell me that he looked over his shoulder, turned back and collapsed to the ground 50 feet short of the exchange point. Nurses assigned to Stage # 6 saw this and rushed to his aid and recognized he stopped breathing.

They began CPR; his Follow Vehicle was carrying an AED unit, so one of the crew jumped out with the unit. He was administered a shock, the runner's heart beat returned, and he was breathing on his own. A ground ambulance was ordered and notice was made to Med Base for a helicopter.

He was transported to our temporary heliport where he was in the hands of a set of Emergency Room Doctors, his luck

continued as he had another episode of a heart attack. He was stabilized and put aboard a helicopter bound for Las Vegas. On board he suffered another heart attack this one treated by the flight doctor.

He had surgery in Las Vegas where stints were placed in his heart, and he is alive today. A miracle indeed, but it's based on the preparation and all of its components that were in place that saved his life; trained doctors and medics, who are able to communicate and move an injured person to the hospital.

My time as the Race Coordinator is coming to an end as 2019 will be my last year. I would like to think that your preparation now will have you ready for the future.

**Keep running!**

The Baker to Vegas course was chosen because Larry Moore and I were searching for an out of the way roadway where we could take runners and support vehicles and not interrupt travel of local inhabitants. We found it but it had a price. No infrastructure. No 911 system. No close by hospital. 34 years ago the closest town was Pahrump Nevada, population 5000, with only one stop sign and

## Baker to Vegas 2018 - Record Breaking Teams

### *LAPD Department Team*

The LAPD Department Running Team was formed in 2011 by Sergeant II Tim Colomey. His goal was to find the 20 fastest runners on the department and take back a win in the open category at the 2012 Baker to Vegas relay. Prior to 2012, the LA County Sheriffs had taken the first place title 4 years in a row (2008-2011) and LAPD hadn't had a win in the open category since the Metro Red Team in 2002.

After the LAPD Department's Team 2012 Baker to Vegas win, a new goal was set. This new goal was one that many believed would never be obtainable; breaking the course record. The course record had last been set in 1996 by LAPD's Training Division Team in a time of 12:41:29. Although the LAPD Department Team would take the open category win for 6 consecutive years (2012-2017), they were not able to break the course record. It was not until 2018 that the record breaking team was established and the 22 year old course record was

not only broken, it was shattered by 4 minutes.

The new course record is now 12:37:29. So where does the Department Team go from here? After 7 consecutive Baker to Vegas wins, the new goal is to continue to dominate the field with an 8th win and break their own course record next year.

### *LAPD Women's Team*

The LAPD Department Team was not alone in breaking B2V records. Another record in the Women's Category was shat-

tered by the LAPD Women's Team. The LAPD Women have won 8 years in a row in the Women's Category; but 2018 is the year that the LAPD Women, led by Team Captain Lily Vizcarra, broke the 27-year record by more than 5 minutes over the finish time of 15:35:50, set the LASD Women's Team set in 1991.

Congratulations to the dedicated men and women of both teams on their outstanding and record-breaking accomplishment!

# WINCHESTER DAY IN THE LAPRAAC GUN STORE

Wednesday, June 20, 2018  
9:00 am—4:00 pm

**AMMO  
RAFFLES  
DURING  
THE DAY**

**Winchester Representative will be on-site  
to answer questions.**

***Winchester SXP Defender will be on sale for \*\$299.99 for members;***

***\*does not include tax or DROS fees***

- SYNTHETIC STOCK WITH TEXTURED GRIPPING SURFACES gives your hands a sure, non-slip grip and the non-matte black finish won't give away your position
- HARD CHROME-PLATED CHAMBER AND BORE make these surfaces highly resistant to wear and corrosion
- FIXED CYLINDER CHOKE barrel handles both slugs and buckshot
- ALLOY RECEIVER is drilled and tapped for scope bases
- TRADITIONAL BRASS BEAD FRONT SIGHT offers a fast, natural sight picture
- ROTARY BOLT with four massive lugs provides strength and solid lockup
- DROP-OUT TRIGGER GROUP allows easy cleaning
- CROSSBOLT SAFETY is easily operated, even with gloves
- BLACK CHROME PROTECTION on the bolt and other components lasts longer than traditional bluing
- INFLEX TECHNOLOGY RECOIL PAD directs felt recoil down and away from your cheek to reduce flinch and fatigue

## NEWS FROM THE SHOOTING COMMITTEE

By Chris Yamate, Shooting Committee Chair

Hello LAPRAAC Members, This summer is going to be a great time for LAPRAAC members interested in the shooting sports.

The 2nd Annual LAPRAAC Equipment Expo is coming back! This event is a day we bring the firearms and tactical companies out to you! It is scheduled for Saturday, August 4th, 2018, at the Elysian Park Academy. There will be a mixture of free and pay to play shooting demos from all of the firearms and tactical com-

panies that support our store. Interested in a new firearm? Come try before you buy live on the range. Shoot guns, try equipment, buy one of kind items as vendors can sell directly to attendees. We will be hosting our first gun auction where you can get crazy deals on firearms and items we have collected over the years. Items will be offered at well below cost. Shoot one of a kind items from our law enforcement dealers. All law enforcement is welcome. Shooters must be law enforcement and sign a liability waiver but we welcome all agencies active, retired and reserve. This is our day to give back to the shooting community so invite your friends. There will be tons of raffles.

Next is the the LAPRAAC Top Gun Shooting Competition, scheduled for Saturday, September 29, 2018. This is a 4-person team event. We welcome teams of all skill levels.

The Top Gun match is where we find out who the best divisional team and overall team shooters are in the Department.

This year Archie Duenas, LAPRAAC Gun Store Manager and Debbie Rhoades, LAPRAAC Retail Operations Manager hit the 2018 SHOT Show heavy, and we are expecting guns and great giveaways galore!

Following the Top Gun Competition will be LAPRAAC's first open law enforcement event. Scheduled for Fall 2018, we are hosting the Southern California Striker-fire Police Match. Open to all active law enforcement, this match is an individual competition that will pit the best SOCAL cops against each other to take home the honor of naming the top polymer striker-fire company in the West. All participants bring his or her favorite

Striker-fire firearm such as Glock, Smith & Wesson, Sig Sauer, or ? The top shooter in each *company category* will walk home with a pistol from that company's line up. We have lots of guns and prizes and are looking forward to who will be the top agency and the top company to take it this year. More information is to come at the Equipment Expo.

Finally, the club is always looking for ways to better service you, our members, and our Department. We are actively looking for ways to give you a one of a kind resource to practice and refine your shooting skills. We have offered classes in the past and are now looking for ways to better serve those that could not make the schools. Keep posted. Come on out to the expo and stay in touch. Big plans are in the works. Thank you everyone and stay safe.

## LAPD SHOTGUNNING CLAYBUSTERS SCORE MEDALS IN SIN CITY - By Jimmy Trahin #16387

There's only two words to describe the unspeakable horror in May when the LAPD Trap & Skeet Team mosied over to Vegas for the Nevada Police Games: "PURE HELL".

Normally held in August, the Federation allowed the shotgun events to be completed in early May to "theoretically" avoid the summer heat. Unfortunately, the

best laid plans of mice & men took a total dump. The three day marathon shoot had temperatures consistently hovering over 100° and wind gusts exceeding 20 mph. It was not exactly ideal conditions for those wretched claybirds to fly with any regularity; AKA: A TOTAL UNHOLY NIGHTMARE!

Five brave officers from the LAPD Jurassic era took on the challenge with tenacity and perseverance. Their names are forever inscribed in the annals and hallways of LAPRAAC and

LAPD for their undying dedication:

GREG DEWITT #17690, BOBBY LUTZ #13561, PETE RAZANSKAS #17486, DAVE HERRICK #16272, and yours truly, JIMMYTRAHIN #16387 (Team Captain)

The three very, very long days consisted of seven shooting events in trap, skeet, & sporting clays. Competition was fierce, but the LAPD Dinosaurs managed to capture the bronze medal in three team events and the silver in trap doubles. Bobby LUTZ deserves a special congrats when

he took an individual silver in 21 yd trap.

The Trap & Skeet events for the U.S. Police Championships are also going to be held at the same facility later in May. The team is currently undergoing intensive daily work outs including mental waterboarding, electric shock treatments, and elephant needle acupuncture to fulfill its intended destiny....victory at any costs!

REMEMBER: IF YOU LOVE YOUR SHOTGUN.... IT WILL LOVE YOU!

***Bench Press Competition***  
April, Friday the 13th to some may be considered a bad luck

## NEWS FROM THE ATHLETIC DEPARTMENT

By Lucy Banuelos Athletic Director

day but it brought nothing but an exciting bench press competition with over 80 participants to LAPRAAC. The day of competition started off with a delicious continental breakfast that our very own LAPRAAC Catering department provided along with some serious weight lift winners who enjoyed showing off their strength. Our referees also did a fabulous job! A special thanks to Quest Nutrition who provided the protein bars, cookies and supplements for the winners. Congratula-

tions to 77th Station who won the overall team award.

The event was successful in part due to the help and support we received from our volunteers. Rudy Chavez and the "Shot Callers" set up the gymnasium at Elysian LAPD Academy and Officer Patricia Braendle and Officer Suzi Gras from Ram-part Station continue each year to give generous time to assist with the event. LAPRAAC thanks you all for your countless hours of support.

### *Athletics Introduces New Assistant Athletic Director Alex Barragan*

Come stop by the Athletic Office and say hello to our new LAPRAAC employee Alex Barragan. Alex played football at New Mexico University on an athletic scholarship and has a background in nutrition and wellness. He has a BA in Physical Education/Fitness Director and is certified as a Strength and Conditioning Specialist.

His passion for fitness and experience working for non-profits is a great fit for LAPRAAC. His love for athletics and giving back to the members is something he is looking forward to. We welcome Alex and wish him the best at LAPRAAC as the new Assistant Athletic Director.

**Interested in the US Police and Fire Championship Games and/or the 42nd Annual Nevada Police and Fire Games? - Go to their website(s) (links listed below) to register:**

## NEWS FROM THE ATHLETIC DEPARTMENT

continued from page 10

### 40th Annual Memorial Relay

On Saturday, April 28th over 500 runners took the streets of Elysian Park on a LAPD's Cardiac Course that ended on the Academy Field. The ceremony included guest, LAPD Chief Beck, Master of Ceremonies Josh Rubenstein, LAPD Bag Pipers, LAPD Honor Guards, Chaplain Father Michael Cooper

and National Anthem Singer Officer Tim Talman.

A special thanks to Captain Sandoval from Northeast Station who led his team of cooks to barbeque some delicious hamburgers and hot dogs for the runners. Also for the first time we had a second vendor Baja Cali that provided some delicious fish tacos and ceviche, a big success too!. Special thanks to

the Memorial Run Committee, Ruben Holguin Chair, our DJ and announcer Victor Suapaia & Commander Bert for assisting with the planning and organizing of the event. Gregory Trevino, who coordinated the NOE Motors and Bikes along with Sgt. Krempa, Sgt Vasquez & Rick Massa. Our support staff Tony Adler, Chuck Foote and Bob Hicky who made it happen all day from start to finish. To all of Metro/SWAT,

our sponsors and vendors who assisted LAPRAAC and the Memorial Run Committee in making this event fun and safe for all. We appreciate all the volunteers including the Explorers for their hours of service. Most importantly, thank you to the participants who came out to honor our fallen officers and their families we are forever grateful.

Congratulations go to LAPD Mission Area for entering the highest number of participants in the 2018 Memorial Run. With 85 entries they have the honor of displaying the **Daryl F. Gates Perpetual Trophy** at the Mission Station for the upcoming year!
